"Social security for social justice and a fair globalization "

[Video conference]

Under the UN’s initiative of “Social Protection Floor,” ILO and WHO are leading organizations to secure and promote social protection. Social protection is one of the main strategic objectives of ILO’s Decent Work Agenda.

At International Labour Conference, 100th Session 2011 which will be held from 1 to 17 June, Social Protection (social security) is one of the technical agenda. Together with this opportunity, ILO Office for Japan will hold a briefing session on the social security through video conference facility.

Ms. Christina Behrendit, ILO Social Security Specialist with Social Security Department will explain the report to the Conference and discussion points from Geneva, followed by Questions and Answers from the floor in Tokyo. We look forward to your participation.
