

## Committee on the Application of Standards

Date: 16 May 2022

**Governments concerned are invited to submit written information on serious failure to report by 16 May 2022.**

### ▶ Information on cases of serious failure to respect reporting and other standards-related obligations supplied by governments

#### Grenada

##### **Serious failure to submit instruments adopted by the Conference to the competent authorities**

The Government has provided the following written information.

The Government is committed to addressing the reporting failure with respect to the submission of instruments to the competent authority. The Ministry of Labour is currently working with the International Labour Standards Specialist in the ILO Office for the Caribbean to address the backlog and prepare the submissions of pending instruments to Cabinet and subsequently to Parliament.

The Government has made significant progress in the last year with respect to reporting overall, with a focus on submitting the requested article 22 reports and the article 19 report form. We are committed to continuing this progress and hope to provide further information on developments in this respect in due course.
