Knowledge dissemination is a main pillar of the work-plan

**Work-plan** on youth employment: *Call for Action*

Areas of work:

1. Macroeconomic policies
2. Education and training
3. Labour market policies
4. Entrepreneurship
5. Rights for young people

Channels of delivery:

1. **Knowledge development and dissemination**
2. Technical assistance
3. Partnerships and advocacy

Knowledge makes policy-making relevant and effective

Policy recommendations

In-depth review

'Light' review

LM and transition data

policy

Information on policy provisions *implemented elsewhere*

2. Identification of Challenges

1. Situation Analysis

3. Policy Formulation

4. Policy Implementation

5. Evaluation

# In-depth reviews are stepping stones to policy development

What: Clear understanding of national YE issues and draw conclusions for policy-making

How: Quantity and quality of YE are explored

Demand and supply factors determining YE outcomes are identified

LM features, economic and social policy mix, LM institutions

Where:

'Light' Reviews inform policy design

What: Detailed description of *enforced national* policies, policy frameworks, and legislation which *affect youth employment* directly or indirectly

How: Classification of policy and legislation in six policy areas
Multiple-level quality control system

Where:

YouthPOL
