SKILLS PARTNERSHIPS ON MIGRATION

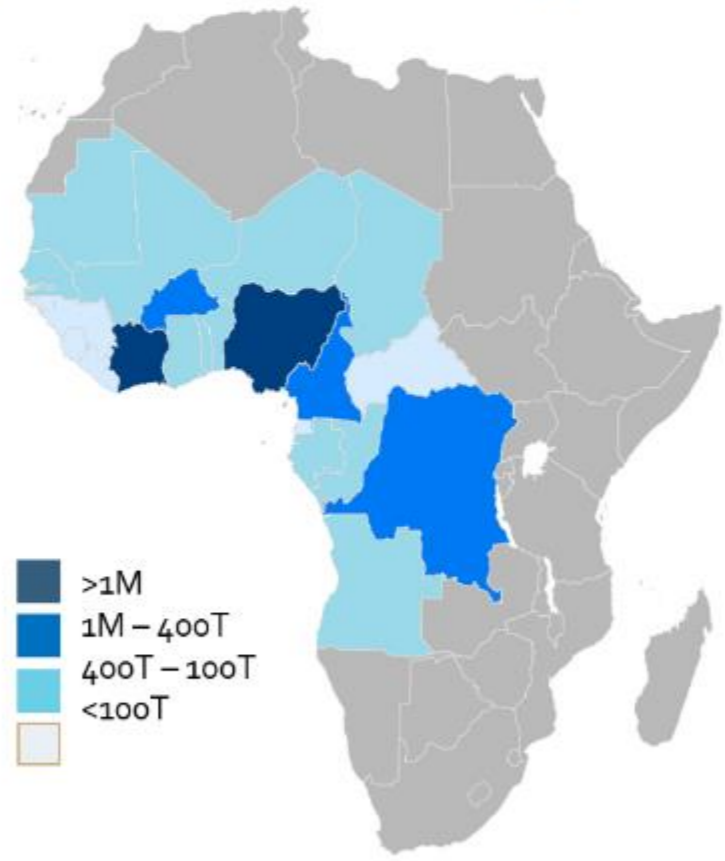

Global
international migration
increased by 49%

65% of these are
migrant workers

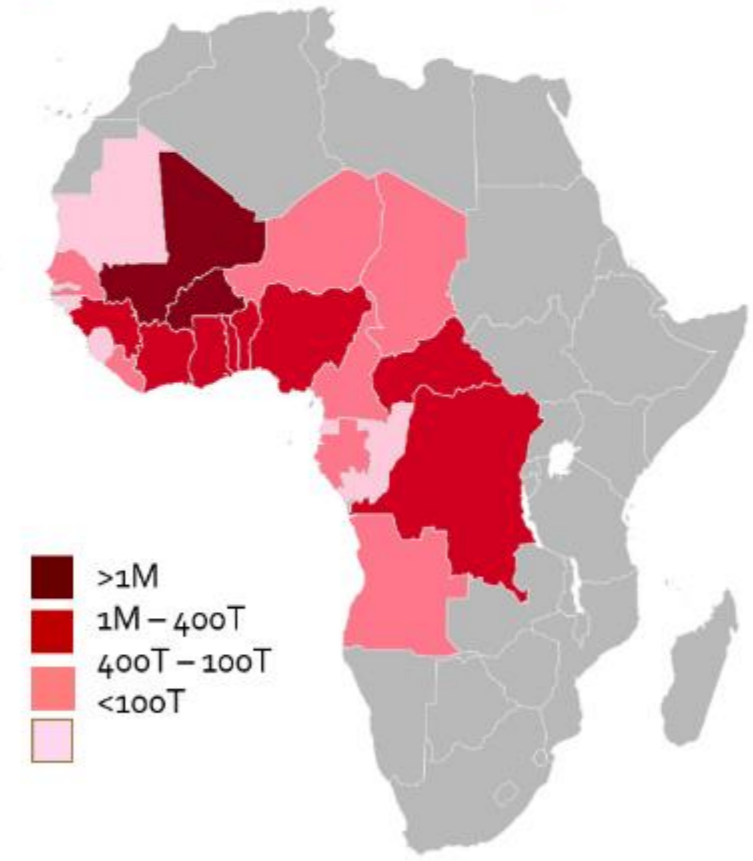

The vast majority of these movements are Intra-regional (85% in WA)

Intra-regional migration by receiving country

Intra-regional migration by sending country

Labour
Organization

WHY DO WE NEED SKILLS PARTNERSHIPS ON MIGRATION?

International
Labour
Organization

From brain waste to **brain gain**

From brain drain to **brain circulation**

What are skills partnerships on migration?

Enhancing skills development systems, **raising standards** and **sparking innovation**

More and **better information** on labour migration flows, and on **skills demand**

Better mutual understanding of **occupations and qualifications** between countries

Better access to skills development and employment for migrant workers

Better **labour supply** for employers and employment options for workers

Capacity development for employment services

Who is involved in **skills partnerships** on migration?

Different **Types** of **skills partnerships**

International
Labour
Organization

Identification and
Anticipation of
Skills Demand and
Supply

Information,
guidance and
counseling
migrant workers

Skills
development
in country of
origin and
destination

Mutual
recognition of
qualifications and
harmonization of
standards

Recognition
of prior
learning

International
Labour
Organization
