**Draft decision concerning the proposed report form for reports to be requested under articles 19 5(e) and 19 6(d), of the ILO Constitution in 2023 on the Labor Administration Convention (No. 150) and Recommendation (No. 158), 1978**

**IMEC Statement**

1. IMEC thanks the Office for preparing the Article 19 questionnaire concerning the labor administration instruments to be covered in the General Survey prepared by the Committee of Experts on the Application of Conventions and Recommendations (CEACR) in 2023 for discussion at the International Labor Conference in 2024.
2. It is our view that a General Survey covering Convention 150 and Recommendation 158 on labor administration is particularly relevant in the context of recovery from the pandemic. Additionally, we recall previous IMEC suggestions aimed at further improving the process for finalizing Article 19 questionnaires. In that spirit, we thank the Office for the successful virtual consultations and are pleased by the concise and focused questionnaire.
3. IMEC considers the General Surveys are a key element of the ILO's standards-related work. As such, we continue to place importance in the selection of instruments and the development of the corresponding Art.19 questionnaire. We look forward to working together on future questionnaires.

Thank you.
