Standing orders governing the meeting of experts

- The meeting of experts on decent work in the platform economy is governed by the [Standing Orders](#) for meetings of experts adopted by the Governing Body at its 334th Session (November 2018).

Composition and format of meeting

- The meeting will be composed of 24 experts in total, eight from each of the Government group, the Employers' group and the Workers' group.
- Each of the 24 experts may be accompanied by one adviser. Advisers may participate in the group meetings and may sit next to the member in the meeting room but will not be allowed to take the floor during the general discussion and the drafting sessions. An expert may appoint his or her adviser to act as his or her substitute during specific sittings by notifying the Chairperson in writing. In that case, substitutes may take part in the debates under the same conditions as experts.
- All experts will participate in person at the ILO premises in Geneva. Individual remote connections will be granted on a case-by-case basis in the event of an inability to travel or if a participant is obliged to self-isolate as a result of COVID-19.
- The secretariats of the Employers' and Workers' groups may participate in the meeting and may intervene in the debates.
- A Chairperson shall be an independent person with expertise on the matter covered by the meeting and shall be selected by the International Labour Office. In addition to the Chairperson, the Officers of the meeting shall consist of three Vice-Chairpersons respectively elected from among the experts or their advisers in each of the three groups. The Vice-Chairpersons shall be appointed at the Opening sitting of the meeting.
- The Chairperson shall direct the debates, maintain order and ensure the efficient conduct of deliberations.
- The working languages for the meeting will be English, French and Spanish.

Participation of Observers

- Interested governments may attend the meeting as observers without speaking rights (one observer per government). The deadline for interested governments to express their interest in attending the meeting has been set for 5 October 2022.
- Persons representing official international organizations who have been invited by the Governing Body to be represented at the meeting as observers may, with the permission of the Chairperson, address the meeting.
- Persons representing non-governmental international organizations may attend the meeting as observers. The Chairperson may, in agreement with the Vice-Chairpersons, permit such observers to make or circulate statements for the information of the meeting on matters included in its agenda.

Tentative plan of work

- In accordance with the tentative plan of work and guided by the points for discussion, it is proposed that the sittings on the first three days of the meeting serve as a general discussion among the experts.
- Based on the views expressed during the first three days of discussions, the Office will draft *tentative conclusions* which will be shared with the experts at the end of day three in English, French and Spanish.
- The remaining two days will be devoted to revising the tentative conclusions with a view to reaching an agreement on the *final conclusions*.
- In accordance with the tentative plan of work, group meetings with interpretation have been scheduled twice a day.
- The final conclusions will be reported to the 346th Session of the Governing Body (November 2022). The Governing Body would be requested to discuss the report with a view to deciding on appropriate follow-up action.
- A summary of the proceedings of the meeting reflecting the views expressed by the experts will be prepared by the secretariat. The summary of proceeding will be sent to all participants after the meeting (tentatively scheduled to be sent by 7 November 2022) giving them the opportunity to ask for corrections to statements made by or attributed to them.
